

Ⓞ Portable Storage Buildings, Warehouses and Biomass Facilities

Britespan offers engineered portable shelters for temporary building sites, that are quick to install, even in remote areas. The extra high unobstructed clearances accommodate large and heavy equipment effectively. Easy access is achieved through a variety of door styles and sizes, and an abundance of natural light creates a safe work environment.

When you buy a Britespan fabric building, you automatically get support from our network of local experts. Dedicated to you, our dealers are experienced in providing support from project inception through completion.

“The portable foundation options made it easy for us to move our building from one site to another. It’s been a great investment.”

The Britespan Advantage

Natural Light & Ventilation

With bright, natural lighting and abundant ventilation inside, a Britespan fabric building provides a comforting environment.

Wide Open Interiors

With no interior columns, you can maximize useable storage space and easily maneuver heavy equipment and vehicles.

Engineered Solutions

All of Britespan's structures are uniquely engineered to meet specific weather conditions and building codes.

Speed of Construction

Utilizing a pre-engineered and modular design, all of Britespan's fabric structures are built faster than conventional buildings.

Corrosion Resistant

Britespan trusses are hot dip galvanized, post fabrication, to prevent any rusting, providing lifelong corrosion resistance.

Local Support

When you buy a Britespan fabric building, you automatically get support from our network of "Local Experts".

Replacement & Repairs

Cover replacements require precise fit and proper cover installation techniques. Our expert installation crews work from original drawings and specifications to provide you a cover that meets or exceeds the original specifications. With local dealers and industry experts across North America, Britespan is there when you need us.
